Manufacturing quality paper products for the baking and confectionary trade is our endeavor at Novacart. The innovative packaging designs of our paper baking mold line feature rigid construction which eliminates the need for metal baking pans. Our paper baking molds are easy to use; just pour, bake and serve. No need to re-package. Our complete product line from baking molds to pastry trays adds distinction, style and the convenience of bringing your quality baked goods to market quickly.

Baking Molds 5

Designed with micro-fluted corrugated construction side wall and base, this original product line launched Novacart as the industry standard for free-standing paper baking molds throughout the world.

19 Pastry and Candy Paper Cups
Primarily intended for display, our Pastry and Candy Cups are produced from high quality grease-resistant Swedish paper, which resists wilting, staining and butterfat release from pastries, chocolate, etc.

Optima Baking Molds 7

This mold series has a white poly-laminated interior with a terracotta exterior, which provides excellent release characteristics. Perfect for tarts, bread pudding, coffee cake, crème brulee or savories.

21 Gold Rectangular Trays
Gold laminated pastry trays are impermeable to oils and moisture with superior strength to support baked goods.

Ecos Series Baking Molds 9

Ecos Series is a seamless brown cardboard mold with a beaded rim to provide added structure. The poly-laminated interior provides superior release characteristics.

23 Gold Cake Boards
Produced in two thicknesses, our Gold Cake Boards are made of solid cardboard, laminated with a high-gloss gold finish. Our standard boards are available in both metric and American dimensions.

Tulip Cups 11

Tulip Cups are made with grease-resistant paper and available in 5 solid colors: Brown, White, Red, Yellow, Natural and our exclusive house print – Brown Paper with Gold Scroll overlay.

25 Apollo Lace Doilies
Apollo Lace Doilies, a unique design which combines a rigid cake board center with a decorative doily edge; laminated to withstand moisture encountered in a refrigerated environment.

Baking Cups 13

Traditional Baking Cups are made with grease-resistant paper and come in a variety of sizes. Colors include Brown, White, Red, Yellow and Panettone Print.

27 Specialty Molds
Part of the original baking mold line, our Specialty Molds offer a variety of shapes for special occasions and holiday specific baking.

Patterned Baking Cups 15

Patterned Baking Cups are made with Swedish grease-resistant paper and come in vibrant colors and designs.

29 Single Serve Molds
Our Single Serve Molds have it all; products engineered from our various product lines, sized for single serve portions, to satisfy today's health conscious consumers.

Muffin Tray System 17

NTS Muffin Tray System is made with Swedish grease-resistant paper cups which are pressed, not glued, into the versatile framework as a complete unit.

30 Seasonal Inspiration
We love the holidays! And we're always looking for ways to make our products part of the fun. Here are a few of our favorite ideas to delight your customers.

Muffin Tray System

Our NTS Muffin Trays are perfect for keeping finished products in place; no more tipping into each other. Ideal for muffins, cupcakes, coffee cakes, or a product of your own creation.

Framework

- Standard color is a brown background with a gold print overlay
- Perforation between cups allows for portioning of one or more cups

Muffin Cup

- Swedish grease-resistant paper

Tray Features

- Framework and cups come as a complete unit
- Cups are pressed, not glued in
- Ovenable up to 390 degrees
- After baking, cups are released from the frame by pressing the cup out or by separating the frame along the perforation
- Baked product is released from the cup by pulling outward on the cup collar
- NTS-1 is available with 6 rows of 8 cups (no tray perforation)
- NTS-2 and 4 are available with 3 rows of 4 cups or 4 rows of 6 cups

Tray Benefits

- Metal muffin pans not required
- No greasing, washing, or glazing
- Freezable, microwavable
- Lower baking temperature than metal pans
- Shorter baking time than metal pans
- Faster cooling time
- Reduced energy costs
- Reduced labor costs through less handling
- Less damage to finished product during shipping
- Equipment investment reduced

Volume allowing, Novacart has the ability to produce a custom printed tray (frame only) to a customer's specification, as well as produce the tray in different cavity count configurations

Pastry and Candy Paper Cups – “1000 Line Series”

Our Pastry and Candy Paper Cups are made of grease-resistant Swedish paper. Stock cups are white paper with colored horizontal stripes printed on side wall of cup in Gold, Brown or Burgundy. Additional colors available upon request.

These cups are great for truffles, éclairs, cannelloni, pate de fruit, cream puffs and meringues.

Custom Printing Information

One color logo printed on bottom surface of cup (standard color), minimum 20,000 piece order per size.

Printing of multiple colors and/or custom Pantone colors, a 220,000 piece minimum order is required.

Printing on side wall surface or bottom requires a 220,000 piece minimum order.

Printing is done only on the outside surface of the cups.

There is a one-time charge of \$125.00 for artwork, plates, and engraving.

Lead time is 12-16 weeks for first order once artwork has been approved.

Apollo Lace Doilies

Our Apollo Lace Doilies, a unique design which combines a rigid cake board center with a decorative doily edge, are made of solid cardboard with a gold polypropylene overlay to withstand moisture encountered in a refrigerated environment. The center area of the doily has an anti-slip embossing to reduce the risk of product movement during handling. The bottom of the doily is laminated to a second piece of cardboard to enhance its rigidity. The bottom surface of this second cardboard piece is laminated with a moisture-proof clear polypropylene to facilitate wiping. These doilies make a beautiful presentation for cakes, bûche de Noël, roulades and tarts.

Custom embossing is available.

H I S T O R Y

Founded in 1926 and headquartered in Garbagnate, Monastero, Italy, Novacart is the world's largest manufacturer of paper products for the baking and confectionery trade. Novacart was the first in the industry to design and produce free-standing paper baking molds. From raw materials, Novacart produces several million items daily. Novacart's in-house, state-of-the-art technical department allows us to take a project from concept to completion in the shortest amount of time without being dependent on outside sources or contractors. Novacart products are manufactured using materials that meet FDA regulations.

Established in 1983 and headquartered in California, Novacart USA provides a broad range of paper products for the baking and confectionery trade in the United States and North America. In 2007, Novacart USA launched a state-of-the-art baking cup manufacturing facility located in Moorestown, New Jersey. With warehouse facilities located in California and New Jersey, Novacart USA is well positioned to serve our customers across the United States and North America.

From the beginning, Novacart has stood for quality, innovation and excellence in customer service.
