Proudly served on at these events...

James Beard Foundation at Lincoln Center, New York, TED Conference in San Diego, political events on Capitol Hill, US Green Business Council in DC, Hollywood award galas, and dozens of school functions, hotel events, catered luncheons, office parties, wedding receptions, art openings, tailgaters, and birthdays. It really is the preferred elegant and eco-friendly choice for nearly all occasions.

All Occasion Veneerware® is just one of the many original products from bambu. We create distinctive and innovative tabletop and food preparation products all made from highly renewable materials.

bambu[®]
elegant green serveware

Integrating sustainable practices is imperative in today's world. Necessary to achieve business success and necessary to preserve the planet.

bamibu[®]
elegant green serveware

"Customers today are demanding sustainability in their event plans, Bamibu's products are a great addition to assisting clients to achieve those results."

"Bamibu's disposables have not only given our clients the unique look they desire for their events, it has also created a new profit center for my business!"

Steve DeAngelo, DeAngelo's Catering & Events

Serving the needs of the catering industry since 2004 with innovative All Occasion Veneerware[®] bamboo serveware.

- Biodegradable
- Compostable
- Certified Organic
- FDA-approved

bamibu All Occasion Veneerware[®] is the original 'natural disposable.' Harvested sustainably and peeled directly from the bamboo culm.

Recognized by *Fortune* magazine as the 25 Best Product Designs, All Occasion Veneerware[®] has won international honors and thousands of satisfied customers as the green serveware of choice for numerous functions and events, large and small, formal and casual.

Eco-friendly All Occasion Veneerware[®] is the leading choice for serveware for almost any formal or casual occasion when you want an elegant, natural, clean and green solution.

RETURNED TO EARTH
Please consider composting

Caterers who join us in integrating sustainable practices into their business by choosing earth-friendly serveware and sustainable waste management, business owners are recognized for their efforts to embrace sustainable solutions.

"We could not be happier using Veneerware bamboo products at our events! These sustainable products are inline with our green initiatives. The eco-impact, cost savings and modern look make it a home run!"

"The Veneerware line provides a level of elegance you just can't find anywhere else! Our customers love it, we love it and mother earth loves it!"

Josh Carin, Geppetto Catering

"Clients often select Culinary Crafts because of our use of Veneerware. It is an amazing marketing and sales tool. We proudly say the client has selected these eco-friendly products in keeping with the mission to preserve our planet."

"Veneerware is a unique, green, affordable alternative to traditional plastic ware and we are thrilled to use this product in our catering business."

Mary Crafts, Culinary Crafts
