Revolutionizing Foodservice Packaging

LBP develops products with every customer in mind, from the distributors who carry and represent our line to the end users who ultimately interact with our packaging.

Fresh Design & Innovative Solutions- highlighted by LBP's patented Beverage on the Move™. This bulk beverage carrier features a self-inflating inner bag for quick and easy filling. Consumers can now take 8 cups of coffee in a single, disposable, simple to carry package. It is this thoughtful union of attractive form and multi-level function that makes LBP's packaging solutions the perfect fit.

Commitment to the Environment

LBP is committed to making decisions based on key performance criteria while responsibly using the best available environmentally friendly components. Our products represent the highest post-consumer fiber content raw materials with a sincere focus on recyclability.

We are members and supporters of organizations such as:

- Conservation International - helping their mission to conserve Earth's natural heritage.
- World Wildlife Federation- Helping their mission to protect endangered species and their habitats.
- Sustainable Packaging Coalition- helping their mission to advocate and communicate a positive robust environmental vision for packaging.

Our commitment extends beyond the raw materials sourced to include packaging designed with minimal waste through production, maximum layout utilization, reduction of secondary packaging, and cube optimization while in transit and storage.

LBP actively reviews, researches, sources, and tests new materials to create packaging that continually reduces our environmental footprint.

Looking for environmental information on a certain product? Look for this leaf symbol.

Product is made with recycled material

Please note with our ever developing industry, this catalog is continually changing. As we strive to ensure this and all of our printed information is accurate, we would like to advise you to check with your local customer service representative for the most up-to-date information.

clamshells

Corrugated f-flute construction

Contains high percentage of recycled material.

Grease resistant barrier means no need for paper or a wax sheet.

Locking Feature
Side locking feature allows for a quick secure lock every time.

Thermal Insulation
Construction allows premium heat retention and structure stability.

Unique Features

- **Micro-flute** insulation maintains food temperature and preserves appearance by eliminating condensation.
- Approved for direct food contact.
- Locking feature allows for a secure close every time.
- White exterior/kraft interior.
- Custom printing available

hot cup sleeves

Hot cup sleeves contain both recycled and post-consumer fiber content.

Our newest addition, the Eco Clutch™ contains a 100% post-consumer fiber content.

Heat-Activated Adhesive

Our patented hot cup sleeves stick to the cup with heat - activated adhesive.

Corrugated Design releases heat around hand while cool air is drawn in.

96 oz. to go

The corrugated structure contains both recycled and post-consumer fiber content.

Inner bag contains recyclable materials and can be recycled under plastic ID code Number 7.

Printed with soy or water-based inks.

Pop, Fill, & Go™
Inner bag automatically inflates for quick and continuous filling.
Sanitary - no need to handle bag.

Unique Features

- Insulates 96 oz. (eight 12 oz. servings) of hot or cold beverages for up to 3 hours.
- Compatible with brewer or carafe systems.
- One-piece product stores flat for storage efficiency and assembles in seconds.
- **The Caddy™** - Attaches easily to the Beverage on the Move™ handle and provides portion control for cups, napkins, sugar, cream, or other necessities.
- Custom printing available

Beverage on the Move™ (96 oz. + 160 oz.) - U.S. Patent #5,715,992, #5,909,841, #6,196,452, #6,290,124, #7,707,309 B2, #2436006, and Foreign Patent #86237 (CH), #HK1016944 and other U.S. and foreign patents pending.

bulk beverage

Catering and 160 oz Beverage on the Move™ are both made with recycled material and are recyclable.

Wide Mouth Beverage on the Move™ is made with recycled and post-consumer content.

Wide Mouth Beverage on the Move™

- One-piece product stores flat and assembles in seconds.
- Patented Pop, Fill & Go™ feature automatically inflates inner bag during assembly for fast filling.
- Wide Mouth opening allows for an easy fill and quick serve.

Catering Beverage on the Move™

- Holds Fifty-four 8 oz. servings.
- Two-spout design for easy filling and dispensing (no drip dispensing spout keeps serving site clean).
- Angled platform in base creates natural flow of liquid to spout, enabling a continuous uninterrupted stream.

Beverage Carafe™

- Durable pre-assembled construction eliminates operation set-up time.
- Wide mouth opening is easy and safe to fill and serve by operator or end user.

catering

Catering Tray Side Locks - Secure inside tray.

Strong Corrugated Construction

Catering Tray Stacking Locks - Secures multiple trays during transport for easy drop and go catering.

Made from recycled corrugated materials.

Economical and environmentally friendly.

Disposable alternatives to plastic and aluminum serving trays.

Printed with water and soy based inks.

Product case packed flat to save space and assembles in minutes.

Catering Square

- Durable corrugated 2-piece tray and lid with window offers great visibility for easy product identification.
- Windowed lid can flip open or completely be removed.

Catering Trays

- Designed to fit half and full aluminium steam table pans respectively.

Soup - N - Serve™

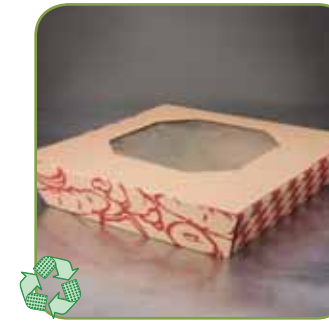

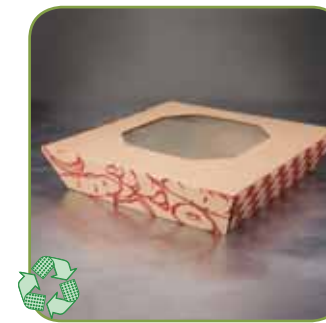

- Transport and serve soup, gravy, sauces, or fruit, potato, and pasta salads in a simple to use package.

innovation & customization

LBP separates itself from the competition by offering customized packaging solutions including custom printing, new sizes, or development of a unique package.

LBP's team of experienced professionals, trained in the latest software, will work with you and your idea - **Concept to completion.**

printing

All products have been designed to easily be manufacturable in a variety of quantity ranges, allowing customers a branding opportunity. Printing can range from simple line or spot colors to 4 color process hi-resolution images and coatings. All options are reviewed by our Creative Services team to ensure the final product meets the look, price, and vision of your packaging idea.

solutions

The LBP Product Innovation Team supports the need for product innovation and design of our customers. Services include generating creative and feasible product designs, sampling/mock-ups, testing adhesives, coatings, inks, substrates, product performance evaluations, and managing new product development.
