NEW! Available off the shelf, environmentally responsible packaging!

We care about the world we live in which is why, wherever possible we use biodegradable packaging. All products have a water and oil resistant coating on the inside which is biodegradable and compostable giving longer life to your products. Cups and lids are not biodegradable or compostable. 4 cup carry tray does not have coating on inside. All the windows used on salad, pasta, baguette and sandwich packaging are PLA fully biodegradable and compostable.

All of these products can be personalised to suit your own custom designs. Environmentally responsible packaging without compromising standards.

IT DOESN'T COST THE EARTH TO GO BIO!
