## Tulip Cups

Innovative design, multiple tipped cups made of grease-resistant paper, available in two colors - brown or white; cups are resistant to wilting.

These baking cups are not freestanding molds and require a standard 2" base muffin pan for support.

Cups can be baked at temperatures up to 390 degrees Fahrenheit.

Cup material is produced in accordance with current FDA requirements and ISO9002 standards.

All cups are produced with 2" base diameter measurement.

## Apollo Lace Doilies

Why be ordinary when you can be extraordinary with Novacart's revolutionary design; doily & cake board combination! This lightweight cardboard doily with a moisture-proof gold polypropylene overlay will enhance the presentation of your cakes, pastries and cookies. The center area of the doily has an anti-slip embossing to reduce the risk of product movement during handling. The bottom of the doily is laminated to a second piece of cardboard to enhance its rigidity. The bottom surface of this second cardboard piece is coated with a moisture-proof clear polypropylene to facilitate wiping. Custom embossing with your own logo is available for an extra touch of class.
