# Carry Out Bags

## Sinewave™

Sinewave is the original wave top bag developed by Pak-Sher almost 20 years ago. The style of the bag gives it an upscale look over traditional t-shirt bags, yet it is surprisingly economical. The stock Sinewave is available in several sizes, film colors, and prints. Packing out the bag is more efficient than other plastic bags as the bottom gusset allows for "squaring out" to carry most any food service container. The 19" is available in a 250 count reduced case pack for cash and carry applications or when under the counter storage space is unavailable.

Stock#	Description	Bag Size	Film Color	Print	Pack	Cube	Weight
5251	19" Sinewave™	19" x 19" x 9.5"	White	"To Go"	500	0.54	15.56
5881	19" Sinewave™	19" x 19" x 9.5"	White	"To Go"	250	0.40	7.83
3757	21" Short Sinewave™	21" x 18.5" x 10.5"	White	None	500	0.61	17.40
3005	21" Sinewave™	21" x 21.5" x 10.5"	White	None	500	0.88	27.21
6101	23" Sinewave™	23" x 18.5" x 10"	White	None	500	0.79	26.21

## Kwik-Karry™

Its small size is appealing, but its holding capacity is amazing. The die-cut handle makes it easy to carry.

## Drink Carrier

The drink carrier is designed to hold two 8 to 32 oz drinks. It is better than paper bags because it prevents leakage and contains condensation. Its one handed carrying convenience prevents the cups from tipping over as in cardboard holders.

## Combo Bag

Similar to the drink carrier, this bag will save time by combining both the entree and the drink in the same bag.

Stock#	Description	Bag Size	Pack	Cube	Weight
5885	11" Kwik-Karry™	11.5" x 10.5" x 4"	1000	0.67	14.03

Stock#	Description	Bag Size	Pack	Cube	Weight
4804	Drink Carrier	12.5" x 11.5" x 2.25"	1000	0.81	15.39

Stock#	Description	Bag Size	Pack	Cube	Weight
5886	Combo Bag	16" x 13.5" x 5"	1000	1.39	24.30

## Shopper

This bag has square sides which makes for a tall bag. It is leakproof and facilitates even weight distribution. It also features conveniently placed die-cut handles.

## Flat Bottom Shopper

The flat bottom "shopper" style bag continues to gain popularity as a higher cost option for food service. Initially used as a bag for retail stores, food service operators soon realized it purveys a premium image for fine dining and family-casual operators. Available in a soft loop, rigid loop and die-cut handle, the bag is stocked in white film with a bottom board insert.

Stock#	Description	Bag Size	Pack	Cube	Weight
9006	1/6 BBL	12" x 6" x 19"	500	0.80	17.57
9007	24" Shopper	13" x 9" x 24"	500	1.20	27.13

Stock#	Description	Bag Size	Pack	Cube	Weight
5882	Die-Cut Handle	12.75" x 9.25" x 14" x 9.25"	250	1.22	29.40
5883	Soft Loop Handle	12" x 10" x 14" x 10"	250	1.22	31.40
5884	Rigid Loop Handle	12" x 10" x 14" x 10"	250	2.53	38.60

## Stock White - paper bag replacement

A convenient alternative to heavy paper bags, the "stock white" bag is versatile and strong. It has all of the features of paper bags but will not fail and split like paper when moisture is introduced into the bag. It is ideal for food service operations. A stock printed "doggy bag" is also available.

Stock#	Description	Bag Size	Pack	Cube	Weight
9010	4# White	5" x 3" x 11"	1000	0.28	6.03
9011	6# White	6" x 4" x 12"	1000	0.42	8.22
9012	8# White	6" x 4" x 14"	1000	0.42	9.59
9013	12# White	7" x 4.5" x 16"	1000	0.53	12.61
9014	20# White	8" x 6" x 18"	1000	0.85	18.30
6052	Stock Print Doggy Bag	7.5" x 4.5" x 16"	1000	0.34	11.84

DON'T FORGET ME

## Party Tray Bag

It can handle two full stacked trays eliminating the need to juggle two bulky trays. Its film clarity enhances the ability to identify what is in the bag. The weight of the items is distributed evenly within the bag.

Stock#	Description	Bag Size	Pack	Cube	Weight
5068	Party Tray Bag	18" x 7" x 24.5"	50	0.40	3.60
