

WHY OUR BAGS ARE A COMPLETE REVOLUTION.

100% EPA COMPREHENSIVE PROCUREMENT GUIDELINE COMPLIANT

LEED points qualified

All bags contain 10% to 100% post-consumer recovered materials

All post-consumer resin is Green Cross-certified

STRONG, DURABLE CONSTRUCTION

Equal to or better than virgin materials at equivalent cost

All tubular-construction means no slit-seals or side seals to split under pressure

Star-sealed for best insurance against leaks

ECO-PACKAGING

Packaged in 100% recycled brown kraft boxes

Bold graphics clearly identify contents as "Post-Consumer Recycled" can liners

Wrap-around corner labels visible from all sides

SAFE, EFFICIENT HANDLING

Packed as coreless rolls

No loose bags spilling from the case to create a slip hazard in the work area

Improved inventory control
