INTRODUCING THE TREESAVER™ BOX

Four billion pizza boxes are used in the U.S. each year. Every one of them the same. Why not make your product **stand out** while also **standing up** for the environment? It's exactly what your customers have been looking for and now you can deliver it.

MORE THAN A BOX

The TreeSaver™ is more than a pizza box. It's something totally new. Because it's made from sugarcane — not recycled tree products — your customers can actually use it for **baking and reheating**. Once it's out of the oven, the round pan becomes the perfect **servicing dish**— no floppy box top to get in the way.

FOR DELIVERY & TAKE'N'BAKE

We've engineered this box to be superior in every way — right down to the patent pending CrispyCrust™ Dimples that keep the pizza fresher, longer. It's the ultimate box for both Delivery and Take'N'Bake.

Best of all, the TreeSaver Box is just part of the entire collection of earth-friendly products. We have everything you need to make your entire business ultra successful — and

ultra green™

Green's New Gold Standard.

It's a fact: your customers want green products more than ever. But your competitors know this, too. So how do you stand out and capture their attention? You offer products made from resources like sugarcane and cornstarch instead of trees and petroleum. You use disposables that you can actually feel good about disposing of. You offer customers products that perform as well as they look. You don't just go green. You go Ultra Green.

Completely Compostable.
Totally Biodegradable.
100% Remarkable.

Ultra Green is truly your one-stop-shop for disposable earth-friendly products. The line features premium quality biodegradable and compostable products made from sugarcane fiber and cornstarch. Better materials. Better design. Better results for your business.

Are you ready to go Ultra Green?

Cornstarch-Based Products: [biodegrade in 150 days]
Cups & Utensils

Sugarcane Products: [biodegrade in 60-90 days]
Plates • Take-out Containers • Bowls • Tissues & Napkins • Bathroom Tissue • The World's First Round Pizza Box for Take 'n Bake

Earth-Friendly Products. Business-Friendly Math.

Recent research indicates that 90% of consumers feel that a company being green is important to their purchase decision*. If you can “out-green” the competition, you can instantly gain a competitive advantage and foster positive associations with your business. And, because Ultra Green products are both earth-friendly and premium quality, they can help you command a higher margin at checkout.

**Intel, May 2008*

Why Sugarcane is Sweet on the Environment.

Trees take 20 years to re-grow. Sugarcane takes 9 months. In many ways, it's that simple. Best of all, the material used in Ultra Green is actually the waste fiber (from the processing of sugar) that would otherwise be thrown away.

How do you make a better plastic fork?
Start by removing the *plastic*.

Ultra Green's line of earth-friendly utensils is cornstarch-based. As a result, these utensils will actually compost in as little as 150 days - unlike traditional petroleum-based plastic utensils, which can take over 150 years.

The TreeSaver™ Line: Beyond Recycled.

Boxes & Lids

Ultra Green's TreeSaver line features a higher standard of tree-friendly disposable products. Every bowl, plate, box and portion cup is made from 100% sugarcane fiber.* Our clear lids are made from PET/recycled plastic bottles. That makes them not only more renewable, but also allows you (and your customers) to re-heat and even oven bake right in the TreeSaver products.

***ASTM-6868 Certified.**
