

Tamper Evident Liners

As third-party food delivery services become increasingly popular, restaurants need to consider ways to ensure that customer's food is safely delivered. Pak-Sher's Tamper Evident (TE) bag liners provide restaurants, delivery drivers, and customers with a way of quickly and effectively determining if food has been tampered with during delivery. Our bag liners are designed to easily fit in SineWave carry-out bags and are equipped with small vent holes. TE liners are available for the 16", 19", 21", and 23" SineWave bags.

- #9546 – fits in a 16" SW or paper equivalent
- #9547 – fits in a 19" SW or paper equivalent
- #9548 – fits in a 21" SW or paper equivalent
- #9549 – fits in a 24" SW or paper equivalent

One case contains 100 TE Liners.
