

foamyIQ™
Brilliantly Simple.

No More Dispensers

Never install another dispenser

With the innovative foamyiQ™ dispensing cartridge, dispensing is done directly from the cartridge.

Never repair another dispenser

With foamyiQ, there are no parts to replace, nothing to repair, and no downtime for maintenance.

Never run out of soap

Through the foamyiQ dispensing cartridge, it's easy to see the soap levels, so you can simply replace the cartridge when the time is right.

Never stock another dispenser

foamyiQ eliminates the hassle and cost of storing replacement dispensers.

Never deal with a hand hygiene dispenser complaint again!

A recent study shows restrooms receive more than half of the cleaning complaints in a facility. The most common restroom complaints are related to dispensers, with 17% resulting from broken or empty hand hygiene dispensers.

FACILITY COMPLAINTS

- All restroom complaints
- Broken or empty hand hygiene dispensers

foamyiQ™

The Brilliantly Simple Alternative

foamyiQ is the result of years of research, customer feedback and product engineering. By design, there are no costly dispensers to install, maintain or repair. And no refilling is necessary. When foamyiQ is empty, simply remove it from the bracket, and snap on a fresh, new one. **It's as simple as:**

Attach

With a simple click, the fresh foamyiQ dispensing cartridge is locked into place and ready to use.

Deplete

The translucent dispensing cartridge provides a clear view that lets you know when it's time to replace the cartridge.

Repeat

When the foamyiQ dispensing cartridge is empty, simply unlock and recycle it, then easily replace it with a fresh one.

Think about it

According to the CDC and the WHO, many infections are preventable through proper infection prevention measures. In fact, many studies have shown a large percentage of infections come from improper hand hygiene.

Hand washing is your first line of defense against the spread of infectious disease.

Sustainable
Recyclable and made from 25% post-consumer recycled material.

Anti-Theft
Smartly designed with a secure, integrated locking mechanism.

Narrow Footprint
The slim design will fit where many traditional dispensers won't.

It's all here

foamiQ is available in a variety of formulas to meet your hand hygiene program needs.

foamiQ™ Citrus Fresh Foaming Handwash

A smart choice for LEED buildings or green cleaning programs. It is formulated with ingredients made from renewable resources and features a refreshing citrus fragrance.
