Includes: (3) 15 gallon gray stenni containers

SlimJim®

The Slim Jim® container is designed with four built-in venting channels that create airflow throughout the container. This air circulation reduces the vacuum effect that occurs when lifting out liners in traditional containers. By reducing the pull force required to lift out liners by up to 80%, the Slim Jim® container improves productivity and reduces the risk of injury.

Slim Jim® Containers with Venting Channels

Mfr No.	Description

AEROSOL AIR CARE

LumeCel™
Powered by Light

Rubbermaid Commercial Products introduces a revolutionary new technology to air care – the Microburst 3000, powered by the LumeCel™ rechargeable energy system.

With easy, flexible programming, and world-class reliability, the Microburst 3000 offers an effective air freshening system that is now better and safer for the environment.

Microburst® 3000 with LumeCel™ Rechargeable Energy System

- Completely self-powered by any indoor light source, eliminating the need for alkaline batteries
- Proactive Days-To-Refill display, scent replacement indicator, and optional audio tone
- One LumeCel Rechargeable Energy Cell will last as long as 30 conventional alkaline batteries*
- Refills include Microtrans® Odor Neutralizer. Breaks down and eliminates malodors

Mfr No.	Description

*Based on typical dispenser settings

Zero Alkaline Batteries Needed

LumeCel's rechargeable energy cell and advanced solar panels make the Microburst 3000 completely self powered by indoor and natural lighting.

LumeCel™ is Smart

LumeCel's rechargeable energy cells are made from fully recyclable nickel metal hydride technology. Super efficient, they store energy from light, providing internal electrical power at nearly 100% efficiency. Easy to use, ready for use, right out of the box.

LumeCel™ lasts for years and years

This globally-patented revolutionary green energy system is completely self-powered and guaranteed to run automatically for at least 15 years.

63% FEWER VOCs THAN STANDARD AEROSOLS

Microburst® 3000

Microburst® 3000 aerosol odor control systems deliver a cost-effective, programmable solution with all the power and performance of standard dispensers.

- Flexible programming options include 12/24 hours per day and 5, 6, or 7 days per week
- Proactive display notifies users when to change the refill and battery
- Sleek, compact high-performance aerosol system in half the size of standard dispensers

HYGEN™ Charging Bucket

Mfr No. FGQ95088YEL

- Use with HYGEN microfiber wet pads and Quick-Connect tools for a continuous cleaning process with "no touch" wringing
- Bucket is designed with molded-in grates to prevent oversaturation of microfiber mops
- Molded-in guide for measuring cleaning and disinfecting solution before mops are added

20" Economy Microfiber Dust Mop w/Fringe, Green

Mfr No. FGQ40800GR00

- Can be laundered 100 times with bleach or 200 times without

18" Economy Microfiber Wet Pad, Blue

Mfr No. FGQ40900BL00

LESS CHEMICAL DISPOSAL

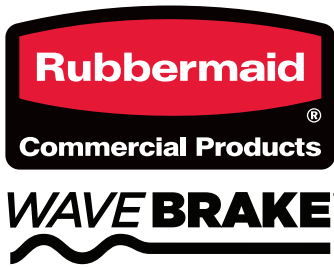

HYGEN™ PULSE™ Microfiber Mop Kit

Mfr No. 1835528

The Rubbermaid Commercial HYGEN™ PULSE™ Single-Sided Mop Kit cleans more square feet in less time. Industry-best microfiber, onboard reservoir, and use-controlled release of solution mean cleaner floors faster, easier, and more effectively.

- Advanced hook-and-loop backing holds-up use after use as well as under the harsh daily laundering conditions to ensure the pads are securely attached

**REDUCES UP TO 80%*
SPLASHING**

Molded-in WaveBrake® baffles disrupt wave formation, reducing splashing up to 80% versus leading competitors.

WaveBrake® Mopping Systems
