

# Tamper Evident SineWave Bags

As third-party food delivery services become increasingly popular, restaurants need to consider ways to ensure that customer's food is safely delivered. Pak-Sher's Tamper Evident (TE) bag liners provide restaurants, delivery drivers, and customers with a way of quickly and effectively determining if food has been tampered with during delivery. Our bag liners are designed to easily fit in SineWave carry-out bags and are equipped with small vent holes. TE SW bags are available in the following sizes: 16", 19", 21", and 24".

- 16" Tamper Evident SineWave bag – #9500 / #9505 is vented
- 19" Tamper Evident SineWave bag – #9501 / #9506 is vented
- 21" Tamper Evident SineWave bag – #9502 / #9507 is vented
- 24" Tamper Evident SineWave bag – #9503 / #9508 is vented

One case contains 250 TE SW bags.
